## 3.5 Histogram Project

**Objective:** To construct a creative histogram with the data you collected.

Materials: poster board, colored pencils, markers, rulers

## **Directions**

- 1. Write a survey question for data collection to be used for your histogram.
- 2. Collect data in your math class.
- 3. Construct a frequency table using the data collected
- 4. Construct a histogram using the data from your frequency table
- 5. Add artwork and other creative ideas to make your histogram interesting
- 6. Staple this sheet to the poster.

## <u>Grading</u>

| Graph constructed correctly (Bars are equal width) | 2 points  |  |
|--|-----------|--|
| Graph correctly represents the data                | 2 points  |  |
| Data correctly broken into intervals               | 2 points  |  |
| Title on graph                                     | 1 point   |  |
| Labels on graph                                    | 1 point   |  |
| Neatness (straight lines, etc.)                    | 1 point   |  |
| Color and creativity                               | 1 point   |  |
| Maximized the space on the poster                  | 1 point   |  |
| Easy to read from 10 ft away                       | 1 point   |  |
| Total Points                                       | 12 points |  |

**Project Due Date: Friday, September 22**
